

## Rick Gregor

Broker

### Professional Bio

A. R. (Rick) Gregor, Jr. has worked on projects in both coastal areas of Virginia and North Carolina. Projects have ranged from smaller tract housing up to million-dollar custom homes on waterfront sites. Its moniker was adopted from it's original development project of a small marina in the inner city of Norfolk; Snug Harbor Marina, into four waterfront homes. In the past decade and a half Rick has been responsible for the construction and development of hundreds of units, both residential and commercial in the Mid Atlantic region. After acquiring his real estate license, Rick has joined Mid-Atlantic and is eager to help with all your real estate needs.
